Redeeming the Next Generation 1

Air date: March 31, 2016

Ron: For kids, a healthy stepfamily is life changing!

Announcer: For FamilyLife Blended™, here's Ron Deal.

Ron: We've known for years that divorce leaves a negative emotional residue on a child's heart. But that's not the end of the story. Research now confirms that a healthy stepfamily not only prevents another divorce in a child's life, but it gives them a healthy marriage model that equips them for marriage as adults.

In other words, after divorce, a strong, stable, healthy stepfamily lowers the divorce rate in this generation and the next. It reverses the curse. What Satan tries to destroy through divorce, God can take back in just one generation. And that 'good news' is why we do what we do. For FamilyLife Blended, I'm Ron Deal.
