Moving the Line

Air Date: October 28, 2020

Ron: I'm constantly amazed at how we keep moving the morality line.

Announcer: For FamilyLife Blended®, here's Ron Deal.

Ron: A survey of both Christians and non-Christians in America examined whether people thought things like flirtatious texting was cheating on your spouse. Of course, opinions varied on a number of the questions but what surprised me was how people transformed black and white lines into gray. Around 20% of Christians said a one-night stand or ongoing sex with someone other than your spouse was NOT cheating. What?

You know what would clear this up. Ask your spouse. Ask if they would consider you having a one-night stand cheating. I bet the line is clearly drawn then. For FamilyLife Blended, I'm Ron Deal.
